## THEY MUST MOVE ON.

THE POLICE RECLOTHED WITH AU-THORITY TO CLEAR THE CORNERS.

The Mayor Says Idlers and Loafers Mas Disperse or Be Arrested-Interest in the Wilkinson Case.

The Board of Police Commissioners will meet this afternoon at 5 o'clock to investi-gate the charge of Mr. Joseph L. Rohleder against Officer W. C. Wilkinson, growing out of the latter's execution of the order of the Chief of Police, since rescinded, relative to the congregation of persons on the corners of Seventh and Broad streets.

Great interest has attached to this case from the beginning and that interest will be accentuated in view of the fact that the police have been reclothed with authority to enforce Major Poe's original order.

THE MAYOR WRITES TO THE CHIEF.
Yesterday the Mayor addressed the following letter to the Chief:
Mayon's Office,
RICHMOND, VA., May 14, 1991.
Major John Poe, Jr., Chief of Police:

Major John Poe. Jr., Chief of Police:

Dear Sir.—You will please see that the corners of Seventh and Broad streets or any other portion of the sidewalk of the city are not obstructed by idlers and loafers, who stare at and use insulting language to ladies passing, and you will please issue such instructions as will insure the prompt arrest of any persons guilty of such misconduct. J. Taylor Elliss.,

Mayor.

CAPTAIN ANGLE REINSTRUCTED. Upon the receipt of the above Major Poe issued this order : RICHMOND, May 14, 1891.

Captain J. B. Angle,
Sir,—In future you will see that the sidewalks in your district (particularly at the
corner of Seventh and Broad streets) are
not obstructed by loafers and idlers, and
should they stare at or use insulting
language to ladies passing instruct your
men to arrest them.

By order of the Mayor.
Respectfully,

Chief of Police. Captain J. B. Angle.

MANCHESTER COUNCILMEN.

# Five Nominated at Ward Meetings Last

Night-Other Items. The Democratic voters of Manchester held mass-meetings last night in their respective wards, for the purpose of nominating candidates for the City Council and electing members of the City Committee and ward superintendents. The meetings in most instances were well attended. The result of all four of them is given below.

The result of all four of them is given below:

In the First there was no election of superintendent or secretary. Mr. W. E. Starke was nominated for the Council rice Mr. C. A. Jones, and Messrs, J. W. Candle, C. F. Faulkner, and Preston Starke were elected as committeemen.

Mr. Joseph Butler was elected superintendent of the Second Ward, and W. W. Pool, Esq., secretary. Hop. John E. Taylor was nominated tor the Council, and as committeemen, Messrs, Lawrence T. Pool, A. R. Hooker, and Joseph Butler were chosen.

As superintendent of the Third Ward, Mr. John J. Blanton was re-elected, and Tom E. Owen, Esq., was again made secretary. Mr. W. T. Pitt goes to the Council, and Messrs, J. E. Redford, F. W. Bass, and A. J. Daffron will serve on the City Committee.

In the Fourth Ward Mr. A. J. Bradley In the Fourth was made superintendent and D. J. Weisiger, Esq., secretary. Messrs, E. W. Weisiger and D. L. Toney were nominated for the Council, the former for three and the latter two years. On the City Com-mittee Messrs, A. J. Bradley, Charles Keller, and James R. Holladay were elected.

The Committees on Streets and Ordinances have decided to recommend to the City Council the condemnation of a strip of land beyond the Richmond and Petersburg railroad at the west end of Fourteenth street for opening a street. The city of Manchester claims the land as a street, while the railroad company contends that it is their private property. It is believed the matter will have to be admindionated by the courts. WILL CONDEMN LAND. BRIEF ITEMS.

Boys from the Industrial School Taken Up-Improvements Contemplated.

Three of the four boys who escaped from the Industrial School of the Prison Association at Laurel Station have been arrested. The other has been heard from and will doubtless soon be taken. It is hoped that the officers of the school and the boys will both learn a useful lesson from the escapade and ithership-the former to exercise greater vigilance and the latter to see the folly of such attempts.

EINSULT OF INEXTRAURCE.

It is proper to add that the accident oc-

runaways, if any.

To Enlarge the Grounds.

Colonel Cutshaw, at the request of Major Sules, president of the association, on yesterday kindly visited Laurel with a view of preparing a plan for the arrangement of the grounds of the institution, for which work he is perhaps better qualified than any other man in the State, life expressed himself as delighted with the imposest of the school and property and thinks it susceptible of such improvement as will make it a credit to the State and an attraction and advantage to the neighborhood and vianges to omparatively little expense.

The school will soon be connected with the city by telephone and building will be begun in the near future, the boys being at present domiciled in a house located upon adjoining property.

WORE WELL SYSTEMATIZED

WORE WELL SYSTEMATIZED.

It is gratifying to see that the Board of Managers seem to realize, as our people are too little apt to do, the importance and advantage of beginning works by the adoption of broad and thoroughly systematized plans.

In a short time it might be well to have some influential citizens visit Laurel, which is readily accessible by frequent trains on the Richmond, Fredericksburg and Potomac road.

# THE EXCHANGE HOTEL LEASED.

Mr. W. Scott Carrington to Be Its Proprietor for Five Years.

Mr. W. Scott Carrington, who has been the manager of the Exchange Hotel and Ballard House for several years and proprietor since the death of his uncle, Colonel ... Carrington, several months ago, has just concluded negotiations and the papers have been signed and recorded under which he will continue in charge of the two houses for five years from the 1st of June, when the present lease expires.

The decrees entered yesterday leasing the Ballard, and confirming the sale of the furniture and equipments of the two houses were in the name of Messrs. J. Thompson Brown & Co., but they were acting as Mr. Carrington's agents. The price paid for the present outfit is \$21,500.

By the terms of the lease the owners of the properties are to put up \$12,000 for repairs and improvements such as electric lights, two passenger elevators, private baths, several additional parlors and dining-rooms, and for painting the buildings inside and out. The hotels will be recarpeted and such new furniture as is needed will be supplied.

Mr. Carrington is experienced in this business, and he gives the assurance that the Exchange will not only be conducted on such a plane as to sustain its reputation, but that the standard will be much higher than ever before. This, he says, will apply to the table and kitchen as well as to the general conduct of the houses, he will make no change in his corps of assistants.

## IN HONOR OF THE SECRETARY.

Pleasant Reception Last Night at the Young Men's Christian Association.

Young Men's Christian Association.

The reception tendered Mr. A. Candlish, the new general secretary of the Young Men's Christian Association, last night by the Ladies' Auxiliary of that institution was a very enjoyable affair. The parlors and rooms were handsomely decorated with flowers by the ladies.

At 8:30 o'clock some of the young men gathered around the piano, singing college songs, while others were seated here and there in groups, all seeming to enjoy themselves. At 8:30 the company adjourned to the Board of Directors' parlor, where refreshments were served by the ladies.

After partaking of these Mr. S. W. Travers, president of the association, delivered an address of welcome to Mr. Candlish, which was responded to by the Secretary in an appropriate manner.

Mr. Candlish in his roply stated that the work of the association was progressing well, that three young men in the last two months were led to accept Christ as their Saviour, and that he anticipated greater blessings in the near future, for with the co-operation of the active members of the association many young men can be led in the right way?

After congratulating Mr. Candlish the
company dispersed, expressing themselves
as having been much pleased with the evening spent with the new Secretary.
Among those present were; Mrs. M. F.

Mrs. James A. Grigg, Mrs. W. S. Dasheill,
Mrs. E. D. Hotchkiss, Mrs. Thomas Chritian, Mrs. Lewis H. Blair, S. W. Travers,

An Evening Marriage. An Evening Marriage.

Yesterday evening at 6:30 o'clock Mr. D.

J. Fitzpatrick and Miss Lula M. Martin
were united in marriage at St. Patrick's
charch. The bride was attred in a handsome gray-cloth gown and carried a beautiful bouquet of pink roses. After the
wedding the happy couple returned to the
residence of the bride, No. 2205 east Main
street, where a splendid supper was served.
The ushers were Messix J. P. Burns, T.
Shea, and T. J. Sheeley. The presents
were numerous and costly.

# Personals and Briefs.

In the Chancery Court yesterday Walter S. Blackburn qualified as administrator of Lottie Lyle,

Messrs, Reuben Ragland, of Petersburg, and W. J. Payne, of Lynchburg, were in the city yesterday.

Miss Annie Cabell, of Nelson county, is visiting her cousin, Mrs. Charles Lorraine, No. 9 east Grace street. Miss Julia, daughter of the late Judge James Neeson, was married at Huntington, W. Va., yesterday to Mr. Charles Green. On Saturday night there will be a meet-ing at Room No. 5, Wilkinson Hall, to or-ganize a lodge of the Advanced Beneficial Order.

Mrs. Joseph Brooks has returned to New York after a visit to her parents. Mr and Mr s. Charles J. Fox. of No. 2812 east Frank

Mrs. A. J. Pyle has arrived at New York cia Old Dominion Line and will sail to-morrow morning on the City of New York, Inman Line, for Europe. Next Monday will be observed by the colored people as Memorial day, and most of the cocieties and the colored military will parade. There will be appropriate excresses at 5 o'clock P. M. and Giles B. Jackson will deliver an oration.

Mr. M. S. Quarles, cashier of the Planters National Bank, left yesterday for Old Point, and after two or three days spent at the seasede will sail from Norfolk for New York. He will be absent on his vacation about ten days. His wife accompanies him. Colonel John B. Hussey, of North Carolina a staff correspondent of the National Jemesca of Washington, D. C., is in Rich-mond in the interest of that paper, which is the only Democratic paper published at the national capital. Colonel Hussey has

a wide acquaintanceship in Virginia and North Carolina and is a good political writer and talker both. A son of Mr. E. W. Drew is on a visit to his parents, 214 south Second street, after a winter's cruise in the West Indies on the United States steamer Portsmouth, now in Hampton Roads with her corrort the Jamestown. He is on ten days' leave of alsence and in the enjoyment of excellent health and is very much pleased with his vocation. The probability is that he will be transferred on his return to one of the ironclads.

It is proper to add that the accident occurred through the very natural inexperience of an assistant who had not been long in position. It would be well, too, for the community generally to realize that they will best subserve the real interest of the boys by doing everything within their nower to discourage such escapes in the future and to give promptly such information to the officers of the Prison Association or of the school as will lead to the recapture or return of future futures and to give promptly such information to the officers of the Prison Association or of the school as will lead to the recapture or return of future funaways, if any.

TO ENLARGE THE OBOUNDS.

M'EINLEY EILL DENOUNCED.

Its platform adopted to night says:
"We insist that the tariff reform is the paramount "uestion before the American people and denounce the McKinly bill as the most outrageous taxation ever passed in the American Congress. It has increased the burdens already too great upon the necessaries of life and reduced the taxes of luxuries that are most able to bear them. It has made existence harder for every farmer and wage-earner in the land, in order that the profits of the monopoles and trusts may be increased.

THE RICH RUBER—THE POCE FOORES.

pohes and trusts may be increased.

THE RICH BIGHER—THE POCE FOREE.

"It robs the many to enrich the few, and does not open a market for a single bushel of wheat or a single barrel of pork. In contrast with it the policy of Grover Cleveland and John G. Carlisle, which would discourage unnecessary expenditure, provide all needed revenues, cheapen what we buy, and open the markets of the world to the products of our farms and factories.

"Recognizing the fact that the United States is the greatest silver-producing country in the world, and that both gold and silver are equally the money of the Constitution from the beginning of the republic until the hostile and fraudulent legislation of the Republican party against silver, which unduly contracted the circulating medium of the country, and feeling that the great interest of the neople demand more money for use in the channels of trade and commerce we tender our gratitude to the Democrats in the last Congress for their almost unanimous vote in both houses in favor of the free coinage of silver and demand its restoration to the position of equality before the law given to it by our fathers."

SEEDED INDUSTRIES.

Inquiry was made here yesterday as to what are the most needed industries bere, and the answer was: A cotton-mill for spinning yarns, a cotton-seed-oil mill, a canning-factory, a buggy-factory, a harness-shop, and a tan-yard. It was also suggested that a spoke, and hub-factory would be a paying institution.

The knitting-mills have added a nice new line to their samples. The output of the mill is 130 dozen pairs of hosiery and thirty dozen vests a day. There are 100 operatives employed, and the daily expenses of the mill are \$200. The mill has been at work a little more than six months,

Wheelers, W. V.A. May 14.—In the Garrison murder trial to-day the State introduced its strongest evidence. By a number of witnesses it was shown that Garrison had repeatedly made threats to kill Baird, and that he said he would "fix him" at the first opportunity. The State claimed to-night that they will establish a chain of evidence showing the killing to have been planned and deliberate.

ANOXYMOUS LETTERS.

ANONYMOUS LETTERS.

A sensation was also created by reference to anonymous and abusive letters which Garrison received through the mails and which he supposed that Baird wrote.
